Roshan Acharya

React/NextJS Developer

✉ roshanacharya207@gmail.com   📞 +9779863503450   🌐 *www.roshanacharya.com.np*

I recently graduated with a BSc in CSIT and I'm eager to enhance my skills in software engineering. I'm proficient in HTML, CSS, and JS, and I specialize in using React to create reusable components. I excel in problem-solving and enjoy collaborating with backend teams to integrate seamlessly with APIs. I'm excited about contributing to a team's success and making meaningful solutions.

Experience

React/NextJS internship at Laliguras GmbH   *2024- present*

- Developed interactive and responsive user interfaces using Next.js with TypeScript, leveraging its server-side rendering capabilities to enhance performance and SEO.

- Implemented efficient state management solutions using Redux Toolkit, ensuring a centralized and predictable state container for seamless data flow across the application.

- Integrated and customized UI components and animations using libraries like Shadcn, enhancing user experience and interface aesthetics while maintaining consistency and scalability in design patterns.
